I have some new followers on my page, so 🙏 allow me to reintroduce myself 🙏

I am a Toledo native, born and raised. I went through TPS schools, and started high school at St Ursula. Half way through, my family moved to Michigan for a job promotion where I finished out high school at Flat Rock community school. (Fun fact about me: I have varsity letters "F" "U" and I felt that at the time 😊). Changing schools in the middle of high school was really tough, but it taught me so much about adversity, being self-driven, and how to be comfortable with the uncomfortable.

Then I graduated college from Siena Heights University in Adrian Michigan where I studied business administration with a focus in Spanish. I played varsity softball for the saints 🏆 and had the incredible opportunity to study abroad in Spain and Costa Rica. 🇪🇸 🇨🇷

I landed back in Toledo, bought a house, and have 2 dogs and a cat who are absolutely my fur children. I also coach softball at Owens CC and give pitching lessons to local players. Softball was my safe space growing up; now I want to help players develop correctly and teach them dreams are possible with hard work and determination. 🙌

All of these life events shaped me to who I am and I use these skills to help speak the same language with my clients. Not everyone has the same background, same values, or same goals with money and finances, and it's important for me to know that when looking at financing options. Buying a house is one of the biggest purchases in your life and I believe you should have professionals in your corner who are there to help YOU reach YOUR goals. Starting with me as your mortgage lender. 😊

So if your goal is to buy a house or even just curious about what your options are in 2024, give me a shout! 📞. Consultations are FREE, credit analysis are FREE, and you have NOTHING to lose just by talking about it.

Let's get closing with coach Steph this year! 🏠
